To help you navigate raising a Deaf child

## About Us

We created a website because there is so much information that you should know as a parent. However, how would you know where to look, when you don't know what you don't know. We are here to provide a service to help you. We want to equip you with a basic understanding of a world that you are now apart of. So instead of jumping straight into the deep end, we are going to wade your through the shallows first.
